Let’s have a conversation....

Special guest speaker,
Michael Blanche, MSS,

“also Featuring: Jonathan Blow,
DASD K-12 Technology Integration Coordinator &
Kristie Burk-Ivy, Academy Director to answer questions

Living with technology & reconnecting with kids

Our special guest speaker, Michael Blanche, MSS, LCSW, a counselor specializing in adolescents and young adults.

Mr. Blanche is well known for his insightful presentations that address the real-world challenges facing adolescents and young adults. He will share his observations about how our kids are being impacted by social media, the “misinformation highway”, the availability of substances, and more.

Our goal is to help navigate the damaging messages children are receiving and the over-exposure to media and technology. We’ll also talk about how we can encourage a healthy balance with technology.

All DASD parents, teachers & staff are welcome...
