

Kindergarten Enrichment

Kindergarten Enrichment is a unique program offered in the DASD for families who want their children to have an extended day experience. The program will be offered in all ten elementary schools for the 2016-2017 school year. Parents can enroll their children in the program opposite of their child's Kindergarten schedule. We will be enrolling students in both AM and PM sessions; so there is no need to request a specific session from the district. Your child will be able to take the bus to and from school, use parent pick up, or use our before and after care program. Our curriculum follows that of the district, with structured academic schedule, allowing the children plenty of time to explore their own interests and play in groups and independently. Each school is staffed with a certified teacher and teacher's assistant as enrollment requires. We run a 12:1 ratio in our KE classrooms. Monthly calendars and/or newsletters will keep you informed of various activities and special events at your school. Children eat lunch under the supervision of our staff and are taken outside for recess and organized activities every day weather permitting. If your child requires care past normal school hours, our before and after care program is offered at a special rate for kindergarten enrichment students.

Registration Procedures

Visit our website at www.acpec.com and click on *For Parents* then *Registration*. You should complete the new registration packet under the School Age Program and submit to our office with the registration fee (\$100 per child or \$150 per family).

Our office staff are available to assist parents and answer any questions.
