Shamona Creek Intramurals
Bella D.
Grade: 5

In intramurals, you play two games. The games in this session are floor hockey and basketball. The first time I went to intramurals the first thing I noticed was there was only five girls. I thought that I wouldn't like it, but I was wrong. I loved it! I was on a team with all boys, but I don't care. I even knew two of the boys, because they are in my homeroom. In the basketball part, you will pick a team captain and they will tell you what plays to do. If you like these sports than intramurals is for you.

How Sports Keep You Healthy
Dev S.
Grade: 3

This is how sports keep you healthy. By playing sports, you become more active. They also help you get strong feet and muscles. Also, by playing sports and practicing, you become better and by becoming better you might be able to make it to your nation’s team of any sport and if you’re really good, you will become really rich and have a very good house. The most money you will get is in basketball. In some sports like basketball, golf, baseball, and football, you get your hands stronger. If you are really strong, I recommend football. And if you have hit power, I recommend baseball and golf. And if you have throw power, I recommend basketball.

Roller Coasters
Emma F.
Grade: 5

The entire fifth grade engineered their own ROLLER COASTER! On December 22nd, we took the whole day to build a roller coaster! First, we learned about mechanical, potential, and kinetic energy! Then we got into groups. Next, we started brainstorming. Finally, we got to building! We used toilet paper rolls, Styrofoam tubing, and masking tape. There were twists, turns, and loops! We used a marble to test it and it worked! Roller Coaster Day was one of the best days in 5th Grade!
**“Sisters”**  
*Book Review*  
Suhaana J.  
Grade: 4

Hello. My name is Suhaana and I will be talking the book, *Sisters*. I am talking about this book because, I have an older sister named Karina, and we do the same thing like both of the sisters do in the book *Sisters*. First, let me start from the beginning. Sisters are about this girl named Raina, she is about 3 to 4 years old, and she really wants a sister. When Raina keeps on asking her parents that she wants a sister, a few months later…. her parents tell her that she is going to be an older sister and she cannot wait. Her younger sister’s name is Amara. When Raina gets her younger sister, things don’t turn out the way she wanted it to be. Raina’s younger sister keeps on annoying her and then she wishes that she didn’t have a sister! A FEW years later… their mom tells them that they are going to have a BABY BROTHER! Another few years later, Raina gets her own room and the whole family minus the dad, has to go on a road trip from California to Colorado to see part of their family.

**The Franklin Mint Federal Credit Union**  
Manasvi K.  
Grade: 3

The Franklin Mint is the 3rd Grade’s 2nd field trip. First, we need to split into groups like Mrs. Marx, Miss Moore, and half of Dr. Miller and all the other classes go on the 22nd, but we go on the 14th. After we split into groups a woman from there came and talked to us about the Franklin Mint and she talked to us that we would get our “passport” and get to keep it. Now let me tell you where we are going BROADWAY, NEW YORK. Wait, wait, wait, I DIDN’T say New York City RIGHT?? Well, in the field trip they first showed us a safe VOLT to keep in for saving money. Before that, they showed us a Money Counter that shows us how much money we saved in the past few months or years. Then they showed us how to “transfer” money through a drive thru. Let me tell you HOW they transfer the money to the volt, well first they ask for the money then they keep it in a cylinder and close the top and then keep that in a special tube then they press a button called “send” after that it gets transferred to the volt. Then comes “Bear Country,” then we realized after the instructions that it was going to fun after all those instructions we did EVERYTHING in the country when it was the end it was like a BOMB went off after it was done a few things or you could call it “games” instead. There was that cylinder like in the drive-thru and it went to the teller’s desk to the Manager’s desk or the reverse of it.

My favorite basketball player is Michael Jordan and he once said, “I’ve missed more than 9000 shots in my career. I’ve lost almost 300 games. 26 times, I’ve been trusted to take the game winning shot and missed. I’ve failed over and over again in my life. And that is why I succeed.” Michael Jeffrey Jordan (born February 17 1963) known as MJ, Air Jordan is an all-time great player.
Mad King Jeremy

Story

Katherine S.

Grade: 5

Once upon a time, in a far off land, there was a kingdom. Of course, every kingdom has the owners. There was King George, Queen Elizabeth, and Prince Jeremy. Prince Jeremy got good grades, listened, and loved his parents so much. As the days passed, a disease started to spread. I bet you know what is going to happen. It is very sad. The king and queen caught the disease. First, the king got it. Then the queen got it. It was miserable. Prince Jeremy was very gloomy and sad. As the years started to pass, the prince was getting ready to become a king. His coronation was very fun and festive, but Jeremy was still very sad. The coronation actually lasted a week! Once the coronation was over, King Jeremy wanted people to feel how miserable he felt when his parents died. King Jeremy started making unnecessary rules. It was a very horrible time for the people living in his kingdom. One night, King Jeremy laid in his bed. He started to drift off when he heard a bang. He sprung off the floor and had a startled look on his face. It was morning! And Jeremy was in a bakery! Jeremy was convinced that someone tried to pull a prank on him. But how could they? Jeremy's kingdom has top security and has over 500 guards surrounding the palace. Jeremy got up, got all the flour off him, and headed towards the castle. His face was on fire. Jeremy was so mad at his guards for not knowing that there was somebody in the castle playing a joke. When he arrived at the castle, Jeremy started to yell at his soldiers. “HOW COULD YOU LET SOMEONE IN THE CASTLE?” Jeremy screamed. The soldiers only left and told him to exit. When he got back to the bakery, a scrawny and ragged woman walked in the door. “May I please have some bread? Lately I have been starving because King Jeremy is not a good ruler.” The woman said. Jeremy walked over to the woman and gave her the last piece of bread. The woman transformed into a beautiful princess who figured out who Jeremy was on the inside. They were married and lived happily ever after. The End.

Magical Gizmo

Story
Morgan F.
Grade: 5

Once upon a time, there was a pig named Gizmo. One day Gizmo said, “I wish I was a unicorn.” Suddenly a giant appeared out of nowhere. “The meteor of truth will make your wish come true. Look up,” said the giant. The meteor blew Gizmo into pink sparkles. Meanwhile on the opposite end of the mountain range, a house blew up. Now back to your regularly scheduled program. The wicked witch turned the castle into sponge. Then cows rained from the castle. It also rained an extra sheep who thought he was a space cow. He thought he made to the moon but he didn’t. Now back to Gizmo. He followed his dreams and became a unicorn. Kids ran after Gizmo saying, “He’s so magical.” Gizmo became a worldwide hero. One day Gizmo went missing. Kids were sad. Now that Gizmo was missing, kids didn’t have rainbow to look up at. Before Gizmo came, the town was gloomy. Until Gizmo came back, the town would slowly disappear. Gizmo had to get back before the town was lost forever.

When Gizmo woke up, he was in a science lab. Scientist were experimenting on him! Gizmo got up and ran. The scientist chased after him. Gizmo ran into a dead end. Gizmo was trapped! Suddenly the cows and the space cow sheep came in and rescued Gizmo. The space cow sheep and the cows told Gizmo to follow the rainbow road to get home.

Gizmo thanked them and raced home.

When Gizmo got home, he put rainbows into the world. Everyone was happy. It was almost a happily ever after. Almost. Then a giant flying squid flew into town. Gizmo the hero had to save the town from the evil squid and his assistant the sloth. As one adventure ended, another one began.

The Solar System

Pranav S.
Grade: 3

The Solar System consists of eight planets, the remainder being comets, asteroids, and dwarf planets. The Solar System was formed 4.6 billion years ago due to a gravitational collapse of a star, resulting in a supernova. Most of the collapsing mass collected in the center, forming the Sun, while the remaining mass flattened out into a protoplanetary disk, forming planets, comets, asteroids and other small Solar System bodies. A protoplanetary disk is a rotating circumstellar disk of dense gas surrounding a newly born or young star. A circumstellar disk is a ring shaped accumulation of matter composed of gas, dust and asteroids or collision pieces or fragments in orbit around a star.

Let’s go now and visit the Sun. The Sun is the center of The Solar System. If the Sun were hollow, approximately 1, 300, 000 Earths would fit inside. The temperature inside the Sun can soar over 15 million degree Celsius.

Now let’s visit Mercury. Mercury is the closest planet to the Sun. It has no known moons. Only two spacecraft have ever visited Mercury! A year on Mercury is only 88 days long!

Our next stop is Venus; the second closest planet to the Sun. Venus has no known moons. Venus rotates counter-clockwise, also known as retrograde rotation. At one point in time, people thought that Venus was a tropical paradise.

Our next stop is our own Earth. Earth is the third closest planet to the Sun. It has, of course, one moon. The earth’s rotation is gradually slowing down by approximately 17 milliseconds per century! Out of all the eight planets in The Solar System, Earth has the greatest density, but this varies for each part of the Earth.

Now let’s go to Mars. Mars is the fourth planet to the Sun. It has two known moons. Mars is home to the tallest mountain in The Solar System, Olympus Mons. It is 21 km high and 600 km in diameter. It is a shield volcano. Some volcanic lava flows are so recent, that many scientists believe that Olympus Mons is still active. In 20-40 million years, one of Mars’ moons, Phobos will be torn by gravitational forces and will form a ring around Mars that will last for 100 million years.
**How to Take Care of a Parrot**

**Tanvi B.**

**Grade:** 4

Hi, I love parrots! I have one. Its name is Twitter. He is so cute and soft. If you want to take care of a parrot here’s some tips on how to take care of the parrots and feed them and train them. You need to have 2 toys in the cage at all times or else the parrot will get bored. When you feed a parrot you need to change its water every day and for food you need to take the husk out and remember to fill it up about 3/4 of the way up. You also need a cage big enough so the bird can stretch his or her wings. You can train it too step up or step down. Also how to talk. I hope you take care of your parrot and love them. If you decided to own them.

My brothers and I were playing with our glow sticks and played with them like they were light sabers because my brothers thought they were light sabers. We walked a lot and it was a good exercise. So like I said it was an awesome New Years.

**Awesome Student Shootout**

**Asrith S.**

**Grade:** 5

I am going to talk about the shootout. In every class, they tally up how many shots you can make in 3 minutes. After that, the parents look at the tallies and they pick 2 boys and 2 girls who came first and second. They also pick an alternate. An alternate is if 1st or 2nd winner is absent, the alternate goes, also it means 3rd place. The shootout is very fun. You do not need to have a talent in Basketball. Also it was only a dollar to do it and that dollar goes to the camp for Caden Adams, which is very helpful. You should have tried it. Well, when I tried the shootout, I came in alternate, and know you know what alternate means. Also somebody did about 64 shots, which is amazing. You should always try. Nobody cares if you lose. Everybody cares if you do not try or you give up. If you try, you feel so special like you are in the NBA and versing a time shootout against a good player like LeBron James.

Piggy Apocalypse

Story
Jake L. and Henry D.
Grade: 3

OH, NO IT’S THE PIG APOCALYPSE. The pig apocalypse had nothing good in it except for these four kids: Henry, Jake, Cole, and Ben. That’s because their parents are butchers. *Henry LOVED bacon so, cleaning up would be a breeze. Ben is a master at martial arts, including Judo, Karate, etc. Cole is the fastest person in the world. Jake (the leader) is the strongest in the group. Their group is PBKI (Pig Butt Kickin’ Ink) and it was founded by Jake. (He is also very smart and intelligent). Now let’s get to the story. “If you can hold em’ off for two more seconds that would be nice!” Henry yelled. “On it” yelled Ben, Cole, and Jake in unison. “Done,” Henry said while putting his wrench in his tool belt. “Done what” asked Ben. “2C4Y” replied Henry. “What does that stand for?” asked Jake. “To Cool For You,” Henry replied “Burn” Cole followed up. “Just get in the M.E.C.H.” Ben yelled. The M.E.C.H. is really Henry’s parent’s car but the kids called it the M.E.C.H. which means, Mechanical, Engineered, Cool, Honda. The main thing they wanted to get done in the pig apocalypse was to find their parents. Their parents disappeared on a Sat. at 3:15pm; that’s also when the pig apocalypse broke out. The only house they lived in was Ben’s treehouse. They didn’t live in any of their homes because they could be filled with pigs. When they got to the treehouse, they only had bacon for dinner, that is what they have for every meal of the day, and sometimes pork chops. The next morning Cole was missing! He wasn’t anywhere. We went outside to see if he was there and just at that moment, a pig came flying right at Jake. “Watch out!” Henry shouted. The pig jumped on Jake rapidly until Ben kicked it into Henry’s miniature stove. They also found Cole screaming, “Mom, dad, where are you?”

“Cole!” they shouted in delight. “Hey guys, you better come check this out,” Cole said. The gang opened a secret door that led underground. What they saw was a whole pig army and a giant pig. They also saw their parents. They all made a plan and went into action. While the rest of the gang were fighting the pigs, Jake tried to free the parents, but the evil master pig scooped him up. But Jake fought as hard as he could and then he defeated the master pig. The gang got their parents and left the place and the pigs outside were gone. The gang and their parents lived happily ever after, or did they? To be continued...

Hello. My name is Suhaana and I will be talking about my pet named, Neo. Neo is a lab mixed with terrier. He is very cute and he means a lot to me. Neo behaves like a naughty puppy sometimes. On Christmas, my family and I gave Neo lots of toys, but he ate up most of his toys and he was left with very few toys to play with. Neo has also done many other silly stuff. Another silly thing that Neo did is that whenever Neo goes outside and plays, he runs as fast as a bullet! And whenever Neo comes in, sometimes on his nose he has dirt all over his nose.

But this has nothing to do with being naughty or silliness (Well it kind of does). Now I will be talking about what Neo does. Neo sleeps like a baby and it is so CUTE when he sleeps like that! Neo can eat MOST OF THE FOOD THAT HE SEES! Whenever Neo eats food, he mostly eats homemade food like Indian food. Neo is a little cutie pie who loves to bark at anything that he sees moving! One of the things that Neo likes to eat OUTSIDE is some sticks, plastic, and a few other stuff. Some stuff that Neo is scared about is a vacuum because when Neo sees a vacuum, he just BARKS NONSTOP and runs away like he is being played with. Neo is one REALLY CRAZY puppy! He is also my best friend and nobody can change that. Neo sleeps on his third bed because before that Neo broke two of his beds! Can you even think about that! Just so you know, Neo does LOTS of stuff! When Neo plays with his toys, most of them make SOME SOUND and whenever Neo gets his toys, he doesn’t give it to ANYONE so you would have to chase him in order to play with Neo according to him. Neo loves to have belly rubs, scratching behind his ears, and for you to rub Neo’s back. And it is so FUNNY! Now I will be telling you how Neo LOOKS like. Neo has dark brown fur, black nose, brown eyes and that is kind of what Neo looks like! Neo’s birthday is July 10th and he is turning 2 this year in human age. Neo was brought from Texas to the U.S.A. His real name was Monty, and his brother’s names were Midnight and Moose. They were the M brothers!

Midnight looks a lot like Neo and Midnight’s real name now is Cole. I do not know what Moose’s real name is now, but Moose looked light brown, he had blue gemmy eyes, and he loved to sleep A LOT I THINK! I know how Neo’s brothers looked like because when I went with my family to get Neo on a hot summer day, I saw his brothers there and they were very tired, and HOT! When my family got Neo home we gave Neo food, and he ate like 20 bowls of it! Neo didn’t really eat 20 BOWLS OF FOOD! It just means that Neo ate a lot of food. Whenever Neo wants his toy in the drawer and when it is closed, Neo whines to get everybody’s attention and then sometimes barks at us. When Neo is outside and if he sees a moth or something, he tries to kill the moth and has a party on the dead moth! JUST KIDDING! He doesn’t have a party on the dead moth or something! TRICKED YA! HA, HA, HA!
