

2020-2021 Brick & Mortar Online Learning Plan

Grade Level Sample Schedules

On the following pages, you will find our Brick & Mortar Online Sample Schedules for each grade level. Here are a few important key facts to consider when viewing your child's schedule:

- All Brick & Mortar Online Schedules closely mirror the actual schedules that will take place when returning to brick and mortar.
- Any block highlighted in **yellow** is a synchronous, live instructional time.
- Encores will be live/synchronous 5 out of 6 cycle days. Students have Physical Education class 2 times per cycle and the second class in the cycle will be asynchronous.
- MTSS is highlighted in **green**, because it will be synchronous, but not for all students every single day.
- Because of departmentalizing in grades 4 & 5, you will see blocks of synchronous/asynchronous instruction; specific subjects during those times will be determined once you know your child's teacher.
- All finalized, detailed schedules will be provided by homeroom teachers at Back to School Night.
