

Principal Mulvey posted a school update to
Marsh Creek Sixth Grade Center:

4/14/2020- "E" Day

Good Morning Narwhal Nation,

I hope everyone had a meaningful and happy break. My family is trying to get used to the "new normal" of going with the flow while trying to stay positive. Hopefully your family is as well.

It seems that there is big news regarding our current situation every few days - never in recent history has the whole world made change such as this in reaction to a crisis. In some ways, it is encouraging to know that humans will make adjustments to any situation to positively adapt.

That said, the big change that was announced by the governor late last week was that school buildings would be closed for the remainder of the academic year. That leaves us here at MC with a lot of yet unanswered questions. We are working hard on getting those answers to you as soon as we can.

However, just because the school is closed, doesn't mean that learning isn't going forward. I had the opportunity to look at your teachers' Schoology lessons, and there is a lot of interesting activity and information on there that will broaden your knowledge of your world. Please make a good effort at learning and thinking in this new and temporary environment - make the most of this time to dream, explore and lay the foundation of your future.

We've said it when we first met you - you will change the world!

Have a great day and week, Narwhal Nation!
