Important Notice from Downingtown Area School District About
Your Prescription Drug Coverage and Medicare

If you and/or your covered dependent(s) are not Medicare eligible, then this notice is for informational purposes only. However, if you and/or your covered dependent(s) are Medicare eligible, then please read this information carefully, so that you and your dependents can make informed decisions about prescription drug coverage.

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Downingtown Area School District and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Downingtown Area School District has determined that the prescription drug coverage offered by CVS/caremark is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Can You Join A Medicare Drug Plan?
You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th through December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?
If you decide to join a Medicare drug plan, your current Downingtown Area School District coverage will not be affected. You and your eligible dependents will still be eligible to receive all of your current prescription drug benefits. Medicare Part D will coordinate with Downingtown School District’s plan.

If you do decide to join a Medicare drug plan and drop your current Downingtown Area School District coverage, be aware that you and your dependents may only enroll back into Downingtown
Area School District’s benefit plan during Downingtown Area School District’s Open Enrollment period or with 31 days of experiencing a qualifying life event - provided that you are still eligible for benefits through Downingtown Area School District.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage Downingtown Area School District and do not join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
