Highlights from Beaver Creek Elementary! #BCRocks!

We had 20 students in grades 1-5 participate in our Science Fair. They all demonstrated several Habits of Mind: most notably perseverance and also communicating with clarity and precision. Seven of those students will go on to compete at the Chester County Science Fair in March. Good luck!

#DASDKindness was clearly evident all week long at Beaver Creek. It was a win/win when our 5th graders wrote positive messages on bananas that were for sale in our cafeteria!
