DISTRICT MISSION

The mission of the Downingtown Area School District, proud of our tradition of excellence, is to educate all students to meet the challenges of a global society by providing an individually responsive learning environment characterized by outstanding academic and personal achievements in partnership with family, students, and community.

DISTRICT HIGH SCHOOLS AND THE SCHOOL COMMUNITY

Located in Chester County, Pennsylvania, Downingtown Area School District is a suburban residential community with a thriving business district. Currently, the District serves 13,000 students and has three high schools: Downingtown High School East, Downingtown High School West, and the STEM Academy. The Downingtown Community holds their athletic program in high regard and are among the most supportive fan bases in the state!

ACADEMICS

The Downingtown Area School District offers students the choice to enroll in one of our two comprehensive high schools, Downingtown East and Downingtown West or the opportunity to attend the Downingtown STEM Academy. All three high schools, routinely rank among the best schools in the country. The STEM Academy is widely regarded as the top high school in the state of Pennsylvania, offering students the rigorous International Baccalaureate Diploma Program. Downingtown East and Downingtown West are consistently ranked among the best in the state, offering a highly rigorous program of study that includes over 60 Honors and Advanced Placement courses. A student's program of study largely depends on the individual student's goals and objectives and can be highly customizable. Vocational career opportunities for seniors include early graduation and early college acceptance programs, career and work-based experiences, along with field study opportunities. The high schools also have a dual enrollment agreement with the University of Pittsburgh and Delaware County Community College. Graduates from the Downingtown Area School District gain admittance into some of the most competitive schools in the United States, earning thousands of dollars in scholarship and student aid packages from these prestigious institutions. Our Coaches, Teachers, Administrators, and School Counselors are ready and eager to assist you in getting to the next level as a student-athlete.
