

Marsh Creek Math Help

Tuesdays 3:30 – 4:30

On Tuesdays afternoons after school, students have to opportunity to receive help in math. They should come with any math homework that needs to be completed as well as any questions they may have. There will be resources available for students to practice the skills they are working on in class.

Students work independently on any math related work during this time. They may come up to Ms. Babcock at any time to ask for help. They do not need to come every week, but are encouraged.

Please fill out and return the bottom portion of this page to A112.
