Welcome to my Class!

The start of the school year is right around the corner, and I can't **wait** to "meet" my new class! I realize we are all filled with varied emotions as we begin a year like never before. Please know I am as excited as ever to meet my new second graders! I am ready to do everything that I can to make this an AWESOME year for your child. Together, we will give our kids the structure they need to thrive. We will practice learning in new and creative ways. We will build a strong classroom community and support each other as we grow. Our classroom is a "team", a "family", and you the parents are an important part! I look forward to working closely with you this year to support your child's growth and development academically, socially, and emotionally. Together we CAN!

We will begin the school year by building our classroom community, establishing rules and routines, building our growth mindset, and getting to know one another. I will update you and communicate often. Please use my email above to communicate with me until we are back in the building.

Here's to the start of a wonderful adventure!
