Highlights from Beaver Creek Elementary! #BCRocks!

Beaver Creek had seven students compete at the Chester County Science Fair. They confidently spoke about their unique projects for the judging teams. We are proud of their persistence, communication skills and striving for accuracy. Well done!

Beaver Creek celebrated “Go for the Greens” by eating healthy green snacks and wearing green the Friday before St. Patrick’s Day. This wellness initiative always makes for great photo opps!
We responded with wonderment and awe when all of our fifth graders performed Tunji and the Giant, an African-American folktale led by Mrs. Scrafano, our general music teacher. The original pieces were quite impressive!

Students and staff at Beaver Creek made a donation of various items such as paper towels, toilet paper, soap, laundry detergent, toothbrushes and toothpaste to Good Samaritan Services of Chester County. The donations will go immediately to local women and children in need of support due to homelessness.

Mr. Andrus, our art teacher, and rest of us at BC are looking forward to the following artists having their artwork on display at DCEF’s Art Gala at Dane Décor on March 28th.
