Highlights from Beaver Creek Elementary!

- Students enjoyed participating in various fall festival activities during school hours as well as the evening Trunk or Treat sponsored by our PTO.

- An Eagle Scout Project, completed by former Beaver Creek student Justin Schneider, has allowed for a re-beautification of the area by our flag pole. We can’t wait to see the native perennials grow and spread this coming spring.

- We had a high rate of turnout for parent/teacher conferences.
- We held a Science Fair Information Night. Over 20 families attended to participate in an engineering challenge before learning about the paperwork involved in our Science Fair. We are looking forward to this annual competition in the winter.
• The Rotary Club donated dictionaries to our third graders. The students were excited to be able to take them home.
• The Turkey Trot had to be rescheduled twice due to rain; however, once we found the right day it was perfect running weather. The winners are: 3rd Grade (Hallie Chambers & Sean Groben), 4th Grade (Violet Clamer & Patrick McCaffrey) and 5th Grade (Gabriella Miller & Brayden Sigle).
